Pages: 39

This instruction implements and extends the guidance of AFI 32-7064, *Integrated Natural Resources Management*. It prescribes rules and procedures and sets forth policies regarding the protection of fish, wildlife, and related natural resources and the control of hunting and fishing on Barksdale Air Force Base (BAFB). It applies to all persons entering BAFB for the purpose of hunting, fishing, using fish and wildlife habitats, or attempting to take fish and wildlife from BAFB grounds. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFMAN 33-363, *Management of Records*, and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located at <https://www.my.af.mil/afrims/afrims/afrims>. Contact supporting records managers as required. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF IMT 673, *Air Force Publication/Form Action Request*, through the appropriate channels to 2d Civil Engineer Squadron, Asset Management Flight, 334 Davis Ave East, BAFB LA 71110-2078. See Attachment 1 for references, abbreviations, and acronyms used in this instruction.

SUMMARY OF CHANGES

This document is substantially revised and must be completely reviewed. The following is a synopsis of major changes set forth in this revision: Paragraph 3.19: provides clarity on who may use 3D targets. Paragraph(s) 4.8 – 4.9: defines criteria for application to use ATV's by mobility impaired. Paragraph 7.5: for application for free basic hunting/fishing permit by mobility impaired, revised. Paragraph 7.7: provides changes in fee structure. adds Section 18, use

of hog-dogs, revised. Paragraph 12.9: removes inclusion of button buck in daily limits and clarifies tagging requirements for button bucks.Paragraph 25.5: added appeal routing through natural resources manager, in addition to routine grammatical edits and removing duplicate and non-regulatory informational statements. .

1. RESPONSIBILITIES

1.1. It is the policy of BAFB to provide public access for outdoor recreational activities and the harvest of fish and wildlife when compatible with the military mission and natural resource management objectives. Natural resource managers work with the 2d Force Support Squadron (FSS) and other offices in the development of outdoor recreation areas. Outdoor recreation activities are integrated with the mission through a planning process that is coordinated with BAFB leadership.

1.2. The issuance of fishing, hunting, and other consumptive use permits and administering of funds derived from the sale of these permits will be the responsibility of the base civil engineer. The commander, 2d Security Force Squadron (SFS) and the base civil engineer will jointly coordinate law enforcement and Civil Engineering Squadron (CES) responsibilities for the protection of fish, wildlife, their habitats, and related natural resources.

1.3. All persons, civilian and military, will comply with the provisions of this regulation and applicable federal land state laws at <http://www.wlf.state.la.us> pertaining to the use of natural resources, hunting, and fishing. State hunting and fishing regulations are applicable on BAFB for items not specifically covered in this instruction. BAFB hunting and fishing regulations have precedence over state regulations.

1.4. The right to enter BAFB or any BAFB permit may be revoked at any time by the 2d Bomb Wing Commander (2 BW/CC) or designated representatives, for violation of BAFB regulations, federal or state law, or for any reason deemed necessary or advantageous to the United States Air Force.

1.5. All persons are responsible for using their personal vehicles safely, protecting fish and wildlife habitats, and picking up their litter before departing. Any person found littering or willfully damaging a natural or related resource will be subject to suspension of privileges and to prosecution under appropriate federal, state, or military laws. Appropriate decisions of disposition will be made by SFS game wardens, Natural Resources personnel, federal agents, or state wildlife officers after coordination with the mission support group commander.

1.6. Any person engaging in outdoor activities on BAFB does so at their own risk, and agrees to indemnify and hold harmless the United States of America against any and all claims for loss, damage, or injury sustained to their person or property. Louisiana Recreational Use Statute La. R.S. 9:2791 applies to this instruction.

1.7. The natural resources manager may amend this instruction with written approval of the asset management flight chief and base civil engineer. This item facilitates the use of adaptive management strategies while providing for instruction clarifications and improvements between revisions. Amendments will be posted at Barksdale Natural

Resources (BNR) located at 6141 Range Road and are subject to withdrawal by the natural resources manager or as ordered by the 2 MSG/CC. Amendments will be incorporated into subsequent revisions of this instruction, if warranted.

1.8. Contact BNR (456-3353/1963) or SFS Game Wardens (456-2551) for any questions regarding this instruction or to report violations of this instruction. Someone is on duty 24 hours a day at the security forces station. Poachers can also be reported to the Louisiana Department of Wildlife and Fisheries at Operation Game Thief (1-800-442-2511) anytime day or night.

2. PERSONS AUTHORIZED

2.1. DoD personnel and their guests may participate in hunting, fishing, and other outdoor recreational activities on BAFB. DoD personnel are defined as active duty, retired, and reserve military personnel, dependents of the aforementioned, DoD civilian employees, and retired BAFB DoD civilian employees with 20 or more years of federal service who possess a DoD retired civilian identification card. For unescorted hunting privileges, DoD personnel including dependents over the age of 16, must attend the Barksdale Hunter Safety Course once every 3 years. Guests do not have unescorted privileges.

2.2. The 2 MSG/CC may choose to grant additional persons unescorted privileges to hunting, fishing, and other outdoor recreational activities on BAFB by letter of authorization. The letter of authorization must first be coordinated with the Natural Resources Manager who will forward the request through 2 SFS and will include a criminal history and weapons check by 2 SFS Investigations unless waived by the 2 MSG/CC.

2.3. DoD personnel may sponsor non-DoD personnel to participate in outdoor recreational activities conducted within the gated areas of BAFB as delineated in these regulations. Both the sponsor and the guest(s) must have the required state and federal licenses in addition to BAFB permits when involved in hunting and fishing activities. Sponsors are responsible for the actions of guests. For hunting and fishing activities, DoD personnel sponsors must remain on the east reservation with their guests.

2.4. A maximum of three guests per sponsor is authorized when hunting. Dependents and guests under 16 years of age must be escorted by and under the direct and immediate supervision of a responsible adult sponsor while hunting and boating. Persons who are under 12 years of age must be accompanied by a responsible adult while engaged in any other outdoor recreation activity covered by this regulation.

2.5. Dependents may not sponsor a guest for activities involving firearms or weapons.

3. GENERAL RULES AND INFORMATION

3.1. The BAFB East Reservation map is attached to this document. The BAFB East Reservation map (see attachment 3) shows where outdoor recreation is authorized.

3.2. BAFB Hunting Permits (listed in paragraph 7.7), BAFB Fishing Permits, and BAFB Firewood Permits are issued at the BNR (bldg 7660). BAFB Permits are not transferable, and fees are nonrefundable.

3.3. Individuals, vehicles, boats, guns, ammunition, credentials, fish, game, and personal property may be checked and searched at any time by authorized federal, state, and military

law enforcement personnel. Persons must furnish identification, licenses and permits as requested by authorized law enforcement and BNR personnel.

3.4. Disturbance or interference with an individual engaged in official business or an authorized activity on the BAFB East Reservation is prohibited. Disturbance of the peace or other disorderly conduct is prohibited.

3.5. No one may operate, conduct, or guide hunting and fishing activities on BAFB in exchange for any form of personal compensation.

3.6. Littering of any form is prohibited.

3.7. The polluting of any waters within the installation by dumping oil, chemicals, or other pollutants is prohibited.

3.8. Vandalism or intentional damage to roads, gates, signs, check stations, vehicles, or other government property is prohibited.

3.9. The collection, destruction, or injury of any plant or animal, except as specifically authorized, is prohibited. Plants, plant parts, animals and historic and cultural artifacts shall not be taken or collected. Searching for or removing objects of antiquity is prohibited. The use of metal detectors for any purpose is prohibited except for mission requirements and scientific research purposes approved by the base civil engineer.

3.10. All animals are protected and may not be harassed, injured, killed, or removed from the installation, except as authorized by the natural resources manager, BAFB, state and federal hunting/fishing regulations. Neither plants or their parts nor any animals shall be introduced, liberated, planted, or placed on any part of the installation, except as specifically authorized by the natural resources manager.

3.11. Trapping and the possession of trapping devices are prohibited except for nuisance animal control when authorized or required by BNR and pest management personnel.

3.12. Taking or attempting to take fish or wildlife in an area posted as closed is prohibited. The installation commander has the right to open and close areas to hunting, fishing, or other recreational activity at any time.

3.13. Persons may not enter upon any area designated as a bird rookery from 1 March through 15 June.

3.14. From September through May, no disturbing activities including fishing, hunting, & bird watching, are allowed within a 330 foot buffer of any bald eagle nest. Unless otherwise restricted and shown on nest area signs, only minimal transient traffic through the buffer area is allowed.

3.15. Spotlighting or shining from vehicles is prohibited.

3.16. No one may spotlight or search at night for wildlife in any manner except as approved for raccoon hunting or otherwise approved by the natural resources manager.

3.17. All game and fish harvested on BAFB count towards state-established personal daily and season limits with the exception of white-tailed deer IAW paragraph 12.

3.18. All deer and turkey hunters regardless of age or license status must obtain state issued deer or turkey tags and have these in possession when hunting deer or turkey. White-tailed

deer and turkey must be tagged with state issued tags in accordance with state law. Immediately upon harvesting an antlered deer or turkey, the hunter must attach a carcass tag to the animal before it is moved from the kill site and document the harvest on the deer tag license. Antlerless deer do not need to be tagged by the hunter. Louisiana issues BNR tags for antlerless deer which will be affixed to the carcass when the hunter checks out.

3.19. Any person, not participating in an official tournament shoot with MWR, shall not shoot or attempt to shoot any 3D target located at the MWR Archery Range.

3.20. Only persons issued natural resource keys may possess and use them. Keys are not transferable to other persons.

4. VEHICLES

4.1. Motor vehicle operation must comply with BAFB and state safety and licensing requirements. The operation of any motor vehicle without a muffler is prohibited.

4.2. The maximum allowable speed for any motor vehicle is 25 miles per hour on dirt or forest roads, unless otherwise posted.

4.3. Vehicles must travel only on designated roads. Designated roads are defined on the BAFB East Reservation map as "open to the public".

4.4. Vehicles may not be operated on roads posted as closed to vehicles. Driving on roads marked with "NO POV'S BEYOND THIS POINT" or "No Vehicles Beyond this Point" signs is strictly prohibited. There will be absolutely no off-road driving unless the action is approved in writing in advance by the natural resources manager, except during the deer hunting season when permission may be granted verbally by on-duty BNR personnel.

4.5. Obstruction of roads, trails, fire lanes, gates, boat landings, and government vehicles is prohibited. All closed gates must be kept closed. Driving or attempting to drive around gates, cables, or other barriers is prohibited.

4.6. Do not park in the SFS dog kennel parking area or adjacent to Federal Aviation Administration (FAA) facilities or antennas.

4.7. The use of all-terrain vehicles (ATVs and UTVs), motorized dirt bikes and other non street-legal, off-road vehicles is prohibited, except hunters may use ATVs to retrieve harvested deer or hogs, and to move deer stands or stand construction materials. During BAFB firearm deer days, ATVs may not be used to move stands or construction materials.

4.8. Persons who are mobility impaired, may upon successful completion and submission of the BAFB Physically Challenged ATV Use Application (Attachment 4), use an ATV during hunting season to move through hunting areas for hunting purposes only with written approval and direction from the natural resources manager. There are two classes of Physically Challenged Hunters:

4.8.1. **Class I: Wheel Chair Bound** – The disability must permanently confine the applicant to the use of a wheelchair. If the applicant may eventually recover enough to not require the use of a wheelchair, they do not qualify for this class permit. If the future prognosis is uncertain, the applicant does not qualify at this time.

4.8.2. **Class II: Mobility Impaired** – Applicants must meet one of the following requirements:

- 4.8.2.1. Cannot walk 100 feet without stopping to rest.
 - 4.8.2.2. Cannot walk without the assistance of another person, walker, crutches, braces, prosthetic device, or temporary use of a wheelchair.
 - 4.8.2.3. Is restricted by lung disease to such an extent that the person's forced (respiratory) volume for one second, when measured by spirometry, is less than one liter, or the arterial oxygen tension is less than sixty mm/hg on room air at rest.
 - 4.8.2.4. Uses portable oxygen.
 - 4.8.2.5. Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class III or Class IV according to standards set by the American Heart Association.
 - 4.8.2.6. Has a diagnosed disease or disorder, including a severe arthritic, neurological, or orthopedic impairment, which creates a severe mobility limitation.
 - 4.8.2.7. Individuals who are temporarily disabled for a minimum of one year duration may be issued this permit. The permit would be valid for one year only. If the conditions still exist after one year, the individual may reapply and be issued a new permit.
- 4.9. Physically Challenged Hunter Permit Applications shall be sent or delivered to the BAFB Natural Resources Manager. Physically Challenged Hunter permit applicants with any violation of this instruction within the past 5 years shall not be issued ATV use permits.
- 4.10. During deer firearm hunting days, persons with a Physically Challenged Hunters/ATV Permit may not use an ATV to hunt a stand or location more than 200 yards from road designated as drivable on the deer stand registration map. Except these persons may ride an ATV to one of the five designated handicap hunting locations.
- 4.11. ATV operators must comply with BAFB safety regulations, including providing evidence of completion of a certified hands-on ATV Operator Course and wearing all required safety gear. The natural resources manager may further restrict the use of ATVs. Operators must minimize the impact of ATVs on soils and wildlife, and act in a responsible manner so as to respect and not disturb other hunters.
- 4.12. Off-road driving and use of ATVs for non-emergency government business or training on the east reservation must be coordinated in advance with BNR to prevent damages to soils, plantings, sensitive or unique natural areas, and ongoing study and work projects.
- 4.13. All accidents must be reported as soon as possible to security forces, 456-2551. Motor vehicles involved in accidents should not be moved until the investigating officer arrives, unless the vehicle constitutes a safety hazard.

5. GENERAL SAFETY

- 5.1. It is imperative that persons using the east reservation become familiar with the BAFB East Reservation map available at BNR. This map identifies recreation areas, hunting areas, open roads, and areas that are off limits. The east reservation is divided into four hunting or recreation areas: A, B, C, and D as noted on the map.

5.2. During managed hunts all other recreational activities in the posted hunting areas are prohibited, except for waterfowl hunting on the upper 2/3 of Flag Lake, fishing on Flag Lake (when waterfowl season is closed), fishing on the lower 1/3 of Flag Lake (when waterfowl season is open), fishing on Austin Lake, fishing on Harmon Lake and normal use of Cullen Park and Clear Lake Park. Anyone in an area open to firearm deer hunting must wear an outer upper garment and a cap or hat showing a total of at least 400 square inches of "hunter orange".

5.3. During the firearm deer seasons and the turkey season large signs will be posted along Range Road noting areas closed to other recreational activities.

5.4. Individuals will not be permitted to remain in recreation areas while intoxicated. Possession of open alcoholic beverage containers in a vehicle, excluding watercraft, is prohibited. Alcoholic beverage and illegal drug use are strictly prohibited during hunting activities or when involved with firearm activities.

5.5. Feeding, baiting, attracting, or harassing of alligators is prohibited.

5.6. Swimming, snorkeling, diving, skiing, use of towable devices and jet skis are prohibited in all lakes and waterways on BAFB.

5.7. Oil and gas production equipment and facilities (well-heads, pumping stations, storage facilities, etc.) are restricted areas.

5.8. Target shooting with rifles and shotguns is prohibited except at established BAFB ranges.

5.9. During periods of high fire danger, it may be necessary to restrict the use of fire and mission-related pyrotechnics, and persons must coordinate any proposed use with the natural resources manager. No burning will be permitted during periods of extreme fire danger. During such periods, warning signs will be posted at BNR. Use of fireworks by the public is prohibited at all times.

5.10. Ordnance items such as shells, bombs, rockets, flares, or other suspicious objects found on the reservation should not be moved or handled in any manner. The location of all such items should be marked and reported to SFS (456-2551), explosive ordnance disposal (EOD) (456-3765) or BNR (456-3353).

5.11. Disorderly conduct is prohibited.

6. HUNTING SAFETY

6.1. All persons born on or after September 1, 1969, who are 16 years or older, must have on their person proof of satisfactorily completing a comprehensive State Hunter Safety course approved by Louisiana Dept. of Wildlife and Fisheries while hunting on Barksdale.

6.2. DoD personnel, including dependents with unescorted hunting privileges, must attend the BAFB Hunter Safety Course. Upon successfully completing the hunter safety course, individuals will be given a BAFB Hunter Safety Card that is valid for 3 years. The BAFB Hunter Safety Card must be carried during all hunting activities. Any person who purchases a 1-day or 3-day permit may hunt as a guest when accompanied by a DoD personnel sponsor without being required to take the BAFB Hunter Safety Course. Sponsors are responsible for ensuring their guests are briefed on required safety practices.

6.3. Persons under the age of 16 may not be in possession of a firearm unless they are under the direct and immediate supervision of an adult 18 years of age or older.

6.4. All deer hunters, including archers, must wear an outer upper garment and a cap or hat showing a total of at least 400 square inches of "hunter orange" at all times while hunting during the BAFB modern and primitive firearm deer seasons.

6.5. The possession of a loaded weapon in a vehicle is prohibited. Weapons will not be discharged from any vehicle. Loaded weapons will not be transported in or on any motorized vehicle. A firearm will be considered loaded when live ammunition is in the chamber, magazine, cylinder, or clip attached to firearm. A muzzleloader that is capped or primed is considered loaded.

6.6. Firearms will not be discharged from along, or across any road open to vehicular access or within 100 feet of the centerline of any road open to vehicular access.

7. GENERAL HUNTING

7.1. Hunting on BAFB must be in accordance with federal and state hunting laws and the additional controls and restrictions prescribed in this instruction. Hunting in an unsafe manner is prohibited.

7.2. Persons engaged in hunting on BAFB must have in their possession all Louisiana and federal licenses, permits, and stamps required by those agencies, in addition to required base permits. Persons must furnish identification, licenses and permits as requested by BNR and law enforcement personnel.

7.3. For purposes of this instruction, hunting is to pursue, take, possess, or cause to be transported by any other person any wild bird or quadruped.

7.4. Persons 16 years of age and older must obtain the BAFB Basic Season Permit or a 1/3-Day Permit and any specialized endorsement(s) required prior to hunting.

7.5. Disabled persons wishing to obtain the Basic Season Hunting/Fishing Permit at no cost shall complete and submit the *BAFB Physically Challenged Sportsman Permit Application* (Attachment 5). The completed application shall be delivered to the Natural Resource Manager. One of the following criteria shall be met in order for the person to receive the permit at no cost:

7.5.1. Legally Blind – meaning that the individual has a visual acuity of 20/200 or less in the better eye with correcting lenses.

7.5.2. Paraplegic

7.5.3. Amputee of leg above the ankle or limb above the wrist.

7.5.4. Artificial limbs or permanent braces for mobility as a result of a permanent and total disability.

7.5.5. Developmentally disabled persons to include, but not limited to, mental retardation, cerebral palsy, down syndrome, spina bifida, and multiple sclerosis.

7.6. BAFB Hunting Permits and Endorsements are issued annually and are valid for the specified hunting season for which the permit is issued IAW BAFB regulations and state laws.

7.7. BAFB Hunting Permits and Endorsements

- 7.7.1. Basic Season Permit \$40
- 7.7.2. Rifle Deer Endorsement \$5
- 7.7.3. Primitive Firearm Deer Endorsement \$5
- 7.7.4. Archery Deer Endorsement \$5
- 7.7.5. Waterfowl Endorsement \$5
- 7.7.6. Hog-Dog Endorsement \$5
- 7.7.7. Turkey Endorsement \$5
- 7.7.8. Raccoon (night hunts) Endorsement \$5
- 7.7.9. Competition Raccoon Hunting Cast (night hunts) Endorsement \$10
- 7.7.10. 1-Day Permit (Big Game) \$10
- 7.7.11. 3-Day Permit (Small Game) \$10
- 7.7.12. Deer Stand Registration \$15
- 7.7.13. Duck Blind Registration \$15

7.8. Season dates are designated by BNR and will be published annually prior to hunting season. The BAFB firearm seasons referred to herein include the modern and primitive firearm deer seasons and the spring turkey season. It is the responsibility of the hunter to know season dates and legal hunting hours.

7.9. BAFB is a closed area for spring squirrel hunts.

7.10. Hunting game over bait, or the placing of bait or any means of attracting wildlife is prohibited. The placement of non-edible scents IAW paragraph 7.13 is permitted. Bait is defined as corn, wheat, or other feed or edible substance used to constitute a lure or enticement, excluding food plots. No person shall possess or distribute any grain or other food for wildlife in any area open or closed to hunting. No person shall take or attempt to take wildlife on any land or water where grain or other food has been deposited. The placement of salt blocks or mineral blocks is prohibited. The placement of granular salt and the planting of food plots when accomplished in accordance with paragraphs 7.11 and 7.12 are not considered baiting.

7.11. Granular white field salt or red mineral salt may be placed at registered stand sites from 1 February through 31 July with the advance written approval of the BAFB Wildlife Biologist.

7.12. The planting of wildlife food plots or strips at registered stand sites is allowed only with the advance written approval of the BAFB Wildlife Biologist. Approval must be requested and received annually.

7.13. The use of **non-edible** scents is approved given they meet one of the following criteria: urine based scent such as fox, raccoon, skunk, or deer urine; natural or synthetic scents associated with the breeding cycle of deer such as tarsal scents or estrous doe scents; any scent that mimics a natural smell of the forest, i.e. cedar, pine, acorn, or earth scents.

7.14. The possession of firearms in the archery-only hunting areas is prohibited, except for transient traffic to or from firearm hunting areas. Firearms may not be discharged in archery-only hunting areas.

7.15. Hunting or pursuing deer with dogs is prohibited on BAFB, except for dogs used to track wounded deer. All dogs used for deer tracking must be leashed at all times.

7.16. The transportation of live wild game is prohibited..

7.17. Wild hogs may be taken during any open small or big game hunting season using a weapon approved for that season. There are no daily or season limits for hogs. No night time hog hunting allowed. The number and sex of all harvested hogs must be reported (on or before the next business day) to BNR or SFS Game Warden.

7.18. Bobcats may only be harvested during the BAFB deer season. All taken bobcats must be reported to BNR or SFS game warden.

7.19. During Force Protection Conditions CHARLIE and DELTA, NO HUNTING is allowed.

7.20. No one may engage in any act that is purposefully designed to disturb other hunters or game being pursued by other hunters.

8. DEER STANDS AND DUCK BLINDS

8.1. Deer stand and duck blind registrations begin the first duty day in September. Any person registering a deer stand or placing a temporary deer stand must first purchase a current BAFB basic season hunting permit. The construction or placing of deer stands and duck blinds requires advance approval from the natural resources manager. With the exception of archery deer stands (reference paragraph 8.8), no stand or blind may be placed until the location is registered. The previous year's registered duck blinds and deer stands may be reregistered from the first duty day through the ninth duty day in September. New stands and blinds may not be registered until the 10th duty day in September. The last day for deer stand and duck blind registration is 15 November. No registered stand or blind location may be moved after 15 November. A physical structure, stand, or blind may be moved between registered stand or blind locations during non-firearm days. Only portable stands or blinds, that are hand transportable by a single hunter, may be moved on a firearm hunt day. A portable stand not placed at a registered stand location must be removed at the end of each hunting day. The natural resources manager may deny a stand location or move based on safety or other reasons.

8.2. For purposes of this instruction, deer stand and duck blind registration provides the registrant or dependents and guests of the registrant the first right to hunt a specific area. A hunting guest is not authorized stand registration or unescorted hunting privileges and must be accompanied by a DoD personnel sponsor. While most people place a physical structure at the registered hunting location, the placement of a permanent physical structure, a stand, or blind, at the registered location is not required. Stand locations or blinds not being used on a given day by the registrant, or their guests or dependents, are available to other hunters on a first-come, first-serve basis. A person who hunts from another person's registered stand, blind, or location must immediately leave the registered area when asked to do so by the registrant or dependent or guest of the registrant.

8.3. Hunters who have registered deer stand locations may lock only one deer stand. This stand will be designated as the registrant's "A" stand. All other deer stands may not be locked. This does not grant the registrant sole rights to that area. Other hunters may still hunt the location in accordance with the first-come first-serve policy (Para. 8.2).

8.4. Waterfowl blinds will not be locked

8.5. Falsely claiming rights to hunt a given stand or blind is prohibited.

8.6. Any person, stand owner or not, that hunts in a stand or blind and leaves trash or litter inside or adjacent to the stand is subject to citation.

8.7. No person may, without the consent of the registrant, damage or move a registered deer stand or duck blind, except as noted in paragraph 8.17.

8.8. Stands or blinds may be registered by the following, unless otherwise restricted; DoD personnel stationed or residing within 100 miles of BAFB, or BAFB deployed personnel.

8.9. Guests may not register stands or blinds. Persons under 16 years of age may not register stands or blinds. Dependents may not register duck blinds. A maximum of three deer stands may be registered in any one person's name and one deer stand in any one dependent's name. Duck blinds are allowed only on Moon Lake and the northernmost 2/3 of Flag Lake. A duck hunter may register one blind in Flag Lake and one blind in Moon Lake.

8.10. Persons who have stands or blinds registered for the immediate preceding season have nine duty days to reregister their stands or blinds. Stands and blinds reregistered during the first nine duty days may not be moved from the location they were registered the preceding year until new stand or blind registration begins. Beginning the 10th duty day, any stand or blind location not reregistered becomes open to others on a first-come, first-serve basis. No stands or blinds may be registered on federal holidays or on weekends, except during the firearm deer season.

8.11. Registered hunting locations are not transferable.

8.12. All firearm deer stands must be located at least 200 yards from all other stands including other stands registered in the same person's name, and all duck blinds must be located at least 150 yards from all other blinds.

8.13. All registered stands or blinds must have a sign displaying stand or blind number, owner's name, phone number, and current hunt year. If no stand will be placed at the registered location, the stand registration sign must be as conspicuous as possible and be visible to a distance of at least 50 yards. Additionally, stand and blind signs must be designed to remain visible and with legible writing for at least one year from registration date. Deer stands and duck blinds must have a current tag issued by natural resources at time of registration, which identifies that location as being a registered hunting stand or blind for the current season. The stand or blind must be marked within 48 hours after registration. Stands or blinds which do not have an identifying marker and tag placed at their location within the 48-hour time limit will be considered as unregistered and available to other registrants. All archery stands must have a marker showing "BOW HUNTER," and the owner's name and phone number. Archery stands may be placed beginning 1 September and must be removed by 15 February. Any archery stand located in an area open to firearm

hunting, which is not a registered stand, must be removed 24 hours prior to any firearm deer season.

8.14. Damage to or removal of trees larger than 2-inch diameter at breast height or vegetation removal in areas planted by BNR in forest regeneration projects or BAFB food plots for the purpose of constructing stands or shooting lanes is prohibited without prior written approval from BNR. Driving nails, spikes, screws, bolts, or other metal objects into trees or the hunting from a tree where a metal object has been driven is prohibited. Portable hunting stands are allowed.

8.15. Registrants are responsible for protecting their stands from prescribed fire and wildfire by raking forest fuels away from flammable structures.

8.16. Duck blinds will be of the type that blend in with the surrounding environment and do not distract from the overall appearance of the area.

8.17. The government is not responsible for loss or damage to stands or blinds. Their disposition is the sole responsibility of the owner or registrant. Any stand or blind not capable of being repaired to a safe, usable condition must be removed by the owner or registrant of that stand or blind. Any stand or blind that is not registered must be removed by the most recent owner or registrant in accordance with this instruction. Any structure that is deemed unsafe or impairs base operations and any structure that is not properly registered may be removed or destroyed by natural resources or 2 SFS Game Wardens.

9. HUNTING CHECK STATION REQUIREMENTS

9.1. During the BAFB firearm deer and turkey hunting seasons, all hunters including guests, archers, and those under 16 years of age, must check in upon beginning a hunt, and checkout upon completion of a hunt at the check station located at BNR. Sponsors and their guests must check-in and checkout together. Check-in requires a hunter to turn in their BAFB Hunting Permit in exchange for a numbered "check-in" tag. Persons under 16 must provide their name and telephone number and also receive a check-in tag. Prior to moving to another hunting area, hunters must first checkout and then check-in to the other area. Prior to leaving the east reservation for any reason, hunters must checkout at the check station.

9.2. The check-in tag must be displayed in a visible manner on the dash of the hunter's vehicle. Upon checking out at the end of a hunt, the hunter exchanges the check-in tag for their BAFB Hunting Permit.

9.3. Hunter check-in hours will be posted at BNR at the start of the season. Hunter check-in will be permitted only during the posted check-in hours. Certain early morning and early evening hours will be designated as quiet hours and posted at the check station. During quiet hours, hunters may not check-in or move into the hunting areas, and all hunters must keep movement to a minimum. Each hunter is to act in a responsible manner so as not to disturb other hunters in the field.

9.4. Hunting area assignments for the firearm deer and turkey hunting seasons are based on the hunter's choice, and first-come, first-serve until the safe quota is reached for a given area. Each hunter is assigned to a specific hunting area and must hunt only in that area.

9.5. After check-in, hunters must proceed to their assigned area and selected hunting location in an efficient and timely manner. Checked in hunters are prohibited from loitering

in east reservation housing or hunting areas, or engaging in non-hunting activities while in a hunting area. Checked in hunters are prohibited from loitering anywhere on the east reservation during established quiet hours. Hunters must proceed without delay to and from hunting areas during quiet hours. Checked in hunters may not leave the east reservation.

9.6. All firearm deer hunters must report or checkout at the check station no later than 1 hour and 15 minutes after official sunset. All turkey hunters must checkout at the check station by 1230. Any hunter who expects to check out late must report reason for delay to the check station supervisor. Anyone checking out late without giving BNR notice is subject to a suspension of privileges.

9.7. Hunters must proceed directly to the check station following the safe retrieval of any taken game. Hunters harvesting game during quiet hours must wait until quiet hours have ended prior to removing game from the field if game removal will interfere with other hunters. All deer, turkeys, bobcats, and hogs must be checked in by BNR or SFS Game Warden. When required, harvested game will be tagged prior to removal from the Check Station.

9.8. Hunters are not required to check-in during the archery only deer-hunting season.

9.9. Deer harvested may not be skinned nor have any external body parts removed, including but not limited to feet, legs, tail, head, or ears before being checked in. Field-dressing is allowed.

9.10. Age and antler data will be collected from all deer harvested on Barksdale AFB. Age information using jawbones will be collected either by physically removing the jawbone or cutting the cheek and observing in place.

10. RECREATION, HUNTING AREAS, AND REFUGES

10.1. The BAFB East Reservation map is intended only as a general guide to areas where outdoor recreation is authorized. Hunting is not allowed in the areas designated as no hunting areas on the map. These areas include, but are not limited to, areas adjacent to east reservation housing and the no hunting areas adjacent to the Clear Lake Park, Cullen Park, EOD area, FamCamp area, portions of Flag Lake, Harmon Lake, flight line fence, warrior training center, and the Munitions storage area (MSA).

10.2. No unauthorized person may enter any EOD range without the expressed written consent of the installation commander. The EOD range limits are marked with signs "Danger - Explosive Ordnance Range - Keep Out."

10.3. During the modern firearm deer season, hunting is allowed in areas "A," "B," "C" and "D," as shown on the BAFB East Reservation map unless otherwise restricted.

10.4. During the modern firearm deer hunting season, all other recreational activities on the undeveloped areas of the east reservation are prohibited, except for waterfowl hunting on the upper 2/3 of Flag Lake, fishing on the lower 1/3 of Flag Lake, fishing on Austin Lake, use of Harmon Lake Recreation Area (to include fishing, camping and hiking on designated trail within the recreational area only, and normal use of Cullen Park and Clear Lake Park. Fishing on the upper 2/3 of Flag Lake is permitted while a firearm deer hunt is in progress, provided the waterfowl season is closed.

10.5. Area(s) open for turkey hunting during the BAFB turkey hunting season will be posted at BNR.

10.6. Area(s) open for deer hunting during the BAFB primitive firearm season will be posted at BNR.

10.7. Entry into any area marked as a "Restricted Area" or "Closed Area" is prohibited.

10.8. During the waterfowl season all hunting except firearm deer hunting is prohibited within Flat River Waterfowl Refuge (old receiver site west of Moon Lake Road) and Red Chute Waterfowl Refuge located southwest of Flag Lake. The boundaries of these waterfowl refuges are clearly identified by orange painted bands on trees and by "no hunting" signs. No hunting is permitted in the Flag Lake Waterfowl Refuge located on the southernmost 1/3 of Flag Lake.

10.9. During the waterfowl season, no one may enter upon waterfowl refuge areas except as approved by this instruction or otherwise authorized by the natural resources manager.

10.10. The possession of firearms in the archery-only hunting areas is prohibited, except for transient traffic into firearm hunting areas. Firearms may not be discharged in archery only hunting areas.

10.11. In the case of a special permit alligator hunt, open hunting areas and season dates will be designated and posted by the natural resources manager.

10.12. Hunting areas west of Flat River are open to all game and waterfowl hunting. A map showing the open hunting areas west of Flat River is posted at BNR. The hunting area boundaries are marked in the forest as painted lines on trees along the boundary. No hunting is permitted within the MSA explosive safety clear zones. During firearm seasons, no hunting is allowed within 100 yards of the flight line fence. During archery season, no hunting is allowed within 25 yards of the flight line fence.

11. FIREARMS AND AMMUNITION

11.1. The possession and use of handguns while hunting on BAFB are prohibited.

11.2. Full-metal jacketed bullets and military type ammunition is prohibited for all hunting.

11.3. Shotguns larger than 10 gauge or capable of holding more than three shells are prohibited. Plugs used in shotguns must be incapable of being removed without disassembly.

11.4. Use of lead bird shot is prohibited on the Flat River Waterfowl Refuge.

11.5. The following firearms are authorized for deer hunting during the modern firearm seasons:

11.5.1. Breech-loading rifles that utilize smokeless type powder or self-contained cartridges of .243 caliber and larger, firing bullets having a minimum weight of 100 grains and equipped with a telescopic sight which provides a minimum of 2-1/2 power magnification.

11.5.2. Shotguns firing rifled-slugs; the use or possession of buckshot is prohibited.

11.5.3. Approved primitive firearms in accordance with state regulations. However, primitive rifles used during modern firearm season must be equipped with a telescopic sight which provides a minimum of 2-1/2 power magnification.

11.6. Small game includes resident game animals and game birds (except turkey) as well as migratory waterfowl species. The following firearms are authorized for small game hunting:

11.6.1. Shotguns firing shot pellets having a diameter no larger than #2 lead or BB steel shot.

11.6.2. Rifles utilizing .22 caliber or smaller rimfire cartridges.

11.7. Shotguns and archery equipment only may be used for turkey hunts. Shotgun ammunition must be no larger than #2 lead or BB steel shot.

11.8. Possession of firearms and archery equipment on BAFB East Reservation is prohibited except for:

11.8.1. Safe storage in accordance with BAFB security regulations.

11.8.2. Legal hunting and movement to and from the open hunting areas.

11.8.3. Archery practice on the established archery range east of Flag Lake.

11.8.4. Trap and skeet shooting at the BAFB Trap and Skeet Range.

11.8.5. Safe storage at approved campsites during the hunting season.

11.8.6. BNR and pest management personnel may carry firearms including a .22 caliber handgun for animal control. The natural resource manager may authorize others to carry firearms for nuisance animal control and bird aircraft strike hazard concerns. The natural resource manager or BAFB Wildlife Biologist will coordinate use of firearms for animal control on developed areas of Barksdale with security forces.

11.8.7. Activities associated with the military mission and official business of 2d SFS and other law enforcement officers.

12. DEER HUNTING

12.1. All persons hunting deer regardless of the method shall obtain one of the specialized BAFB Deer Endorsement prior to deer hunting on base. Hunters under 16 years of age are exempted from this requirement.

12.2. Season dates, harvest limits, and hunting areas are designated by the BNR. Bucks and does may be taken on Barksdale, unless otherwise restricted. The annual harvest limits during the combined BAFB firearm and archery seasons are subject to change. Restrictions and harvest limits will be posted at BNR. It is prohibited to exceed BAFB harvest limits.

12.3. Deer hunting during the BAFB firearm deer season will be by still-hunting methods only. Still-hunting is defined as stalking or stationary stand hunting without the use of dogs.

12.4. Driving of deer is prohibited. Driving is defined as the use of systematic vocal or mechanical noise or organized movement of person(s) to elicit or encourage deer movement towards other hunters.

12.5. Firearm deer hunters must not hunt within 200 yards of other individuals or groups of hunters.

12.6. The following rules are specific to the BAFB Quality Deer Management Program (QDM) and apply to all deer hunters regardless of method of hunting (archery, primitive firearm and modern firearm). Failure to follow these regulations will result in the suspension of deer hunting privileges only, except as listed otherwise. Suspensions will be measured in rifle days. Suspensions shall include all archery and primitive firearm hunt days until the end of the suspension. The following rules supersede any previous guidance.

12.7. A rifle day is defined as a day designated by BNR as open for rifle hunting for deer. A hunter suspended for 10 rifle days may not hunt deer on Barksdale until 10 rifle days have passed, not including the day of the violation. (Example, if hunter harvests an illegal buck on the first rifle day. The hunter would be suspended from all deer hunting until the 12th rifle day.) If a hunter harvests an illegal buck near the end of the season, the suspension will carry over until the next season.

12.8. A legal antlered buck must have at least four points on one side of the antlers (minimum standard). A point is defined as a minimum of 1 inch in length measured from the tip of the point to the intersection of the main beam or another tine. A hunter harvesting a buck that has antlers below the minimum standard will be suspended 10 rifle days on the first offense. If a second offense occurs within 1 year of the date of the first offense, the hunter will then be suspended for 1 calendar year from the date of second offense. There is one exception to the above; a hunter that mistakenly harvests a spike buck with both antlers measuring 4 inches or less in length shall not be suspended for a QDM violation.

12.9. BAFB QDM policy defines button bucks as antlerless deer. Hunters may harvest a daily limit of one (1) antlered and two (2) antlerless deer. Of the two antlerless deer, only one (1) can be a button buck. The season limit on BAFB is six deer of which no more than two may be bucks. Button bucks will count toward your season limit of two bucks.. Limits are subject to change by BNR manager as required for management purposes. Any limit change will be posted at BNR. Antlered deer harvested on Barksdale count towards the legal state limit of deer.

12.10. A hunter shall not harvest more than two button bucks in a season. If a hunter harvests a button buck after having already harvested their limit of two button bucks, the hunter may be suspended for up to 10 rifle days. If a hunter harvests more than one (1) button buck in the same day, the hunter will be suspended for 5 rifle days for the first offense.

12.11. Both white-tailed deer and turkey must be tagged with state issued tags in accordance with state law. All deer and turkey hunters regardless of age or license status must obtain state issued deer or turkey tags and have these in possession when hunting deer or turkey. Immediately upon harvesting an antlered deer or turkey, the hunter must attach a carcass tag to the animal before it is moved from the kill site. Important note: Antlerless deer do not need to be tagged by the hunter. Louisiana issues BNR tags for these deer which will be affixed to the carcass when the deer hunter checks out.

12.12. All harvested deer are required to be checked in at the BNR check station upon completion of the hunt. A hunter who knowingly fails to check in a harvested deer in order to avoid penalties associated with management violations will be suspended from all east reservation privileges for a minimum of 3 years. Hunters are required to report QDM violations to BNR or 2 SFS Game Wardens. A hunter who witnesses and fails to report a

violation by another hunter may be subject to the same penalty as the person who commits the violation.

12.13. BNR will administer suspensions of deer hunting privileges related to the QDM program in accordance with this instruction, as ordered by the 2 MSG/CC.

12.14. In the case of dispute regarding ownership of game, a committee designated by the check station supervisor will determine ownership. The findings of this committee will be final.

13. PRIMITIVE FIREARM DEER SEASON

13.1. Primitive firearm hunters must obtain the BAFB Primitive Firearm Deer Endorsement prior to primitive firearm hunting on base. Hunters under 16 years of age are exempted from this requirement.

13.2. Area(s) open for deer hunting during the BAFB primitive firearm season will be posted at BNR.

13.3. Approved primitive firearms in accordance with state regulations fitted with iron sights, non-magnifying, or magnifying scopes may be used during the primitive firearm deer season.

13.4. Additional instructions regarding check-in and checkout procedures not covered in this regulation will be posted at BNR.

14. ARCHERY HUNTING

14.1. Archery hunters must obtain the BAFB Archery Hunting Endorsement prior to archery hunting on base. Hunters under 16 years of age are exempted from this requirement.

14.2. The use of bows and crossbows is permitted in accordance with state hunting regulations.

14.3. Legal small game may be taken with a bow or crossbow.

14.4. Archery hunting is permitted during the state archery deer season, unless otherwise restricted.

14.5. Hunters are not required to check in during the archery only deer-hunting season. However, deer taken must be carried immediately to BNR for collection of harvest data. After normal duty hours, report harvest to SFS Game Warden; if unable to contact game warden, hunter must contact the BNR on the next duty day and report harvest data. For deer harvests, the hunter must transport head including jawbone and antlers (if present) to BNR for verification on the next duty day. An archery hunter planning to mount deer head shall contact BNR on the next duty day and schedule a time for data collection and harvest verification. If the jawbone and/or antlers needed for deer harvest data collection have not been provided to BNR by March 1st of the year following the deer harvest, the hunter will be suspended for 10 rifle days, including primitive firearm and archery seasons.

14.6. During BAFB firearm deer seasons, archers are required to check-in and out of the check station and must follow the same safety rules as firearm hunters.

14.7. Barksdale has five designated archery-only (AO) hunting areas. AO-1 (49 acres) is located just north of Capehart Housing. AO-2 (134 acres) is located south of the Heritage

Heights housing area near Austin Pond. AO-3 (270 acres) is southwest of Heritage Heights housing and adjacent to Red Chute Bayou. AO-4 (26 acres) is located west of Flat River, from the FAA radar facility south to Air Launch Cruise Missile Bridge. The road and parking lot for the FAA station may not be used by hunters to enter this area. AO-5 (26 acres) is located west of Flat River, along Coopers Bayou; east of the fuels off-load facility. Additional areas are open west of Flat River to archery-only along the flight line fence, MSA explosive buffer, kennel area, and contractor staging areas. Firearms may not be discharged in the AOs. The possession of firearms in the archery only hunting areas is prohibited, other than transient traffic into firearm hunting areas. Hunters may not use housing areas for parking or as thoroughfares to designated archery-only hunting areas. .

15. WATERFOWL HUNTING

15.1. Waterfowl hunters must obtain the BAFB Waterfowl Endorsement prior to waterfowl hunting on base. Hunters under 16 years of age are exempted from this requirement.

15.2. Barksdale waterfowl season dates coincide with those listed for the West Waterfowl Hunting Zone listed in Louisiana Migratory Game Bird Hunting Regulations.

15.3. Waterfowl hunting on BAFB closes at **2:00 p.m.** each day. No person shall harvest or attempt to harvest any waterfowl past this time.

15.4. Waterfowl hunting from a blind, boat or while wading is permitted. Waterfowl hunters must not hunt within 150 yards of other individuals or groups of hunters. Waterfowl hunting on Flag Lake is restricted to the northernmost 2/3 of the lake. The north boundary of the Flag Lake Refuge is designated on the BAFB East Reservation map and is marked by orange and white buoys that cross Flag Lake. No waterfowl hunting is allowed within 50 yards of the north boundary of the Flag Lake Waterfowl Refuge.

15.5. No person shall take waterfowl from or by means of any motorboat unless the motor has been completely shut off and its progress there from has ceased.

15.6. During the waterfowl season, no person may discharge a firearm within 100 feet of any waterfowl refuge except as referenced in paragraph 10.8.

15.7. Ammunition in waterfowl hunter's personal possession or boat is limited to steel shot or other approved nontoxic shot. It is unlawful to harvest waterfowl with lead shot.

15.8. Hunters must report any information received from the fish and wildlife service or state agency on harvested waterfowl leg bands to BNR within 72 hours of receipt.

16. TURKEY HUNTING

16.1. Turkey hunters and callers must obtain the BAFB Turkey Endorsement prior to turkey hunting on base. Hunters under 16 years of age are exempted from this requirement.

16.2. Gobblers only may be taken.

16.3. DoD personnel, with the exception of dependents, may each sponsor one guest at a time to hunt. Guests must remain within 50 yards of their sponsor while turkey hunting. A guest may carry a firearm and harvest birds.

16.4. All hunters and callers must check in and out at BAFB Hunter Check Station for each hunt and to change areas. Persons who harvest a turkey must immediately proceed to the check station.

17. NIGHTTIME RACCOON HUNTING

17.1. The BAFB Basic Hunting Permit and the BAFB Raccoon Hunting Endorsement must be obtained and in possession of each member of a raccoon hunting party, with the exception of hunters under 16 years of age. Persons with unescorted hunting privileges must attend the BAFB Hunter Safety Course. For persons wishing to hunt raccoons for short periods of time, a Barksdale 3-day small game permit may be purchased by sponsors or guests.

17.2. Raccoon hunting is allowed from 1 August through 15 March only. Raccoon hunting is legal only during the hours of darkness using only one .22 caliber rimfire rifle per hunting party. Each person in the hunting party must complete a daily entry in the raccoon hunting log, located at the front of BNR, when hunting.

17.3. There is Competition Raccoon Hunt Cast Endorsement available for competitive raccoon hunt hunts. Prior to any competitive hunt, the hunting club must provide the BAFB Wildlife Biologist a letter signed by the club's president that provides the schedule of hunts.

17.4. Persons with rights to hunt unescorted on base may host a hunting cast on Barksdale for competition raccoon hunts. The maximum number of guests allowed is 5 per sponsor per night. No firearms are allowed during competitive hunts; the raccoon is not taken. Sponsors must have a valid BAFB Basic Hunting Permit along with the Competition Raccoon Hunt Cast Endorsement in their possession while hosting the cast on base.

18. HOG-DOG HUNTING

18.1. The BAFB Basic Hunting Permit along with the BAFB Hog-Dog Hunting Endorsement is required to Hog-Dog Hunt on BAFB. These permits are required for everyone in a hunting party.

18.2. Hog-Dog hunting is allowed from 1 February through 15 March only. Hog-Dog hunting is legal only from ½ hour before sunrise to ½ hour past sunset.

18.3. No person in the Hog-Dog hunting party may possess or attempt to use any firearm or archery equipment.

18.4. All Hog-Dog owners need to annually register their dogs with BNR prior to hunting.

18.5. All persons in a hunting party must check in prior to hunting. Each person in the hunting party must complete a daily entry in the Hog-Dog hunting log, located at the front of BNR, when hunting.

18.6. On BAFB, feral hogs may not be transported live under any circumstances.

19. NUISANCE ANIMAL HUNTING

19.1. Nuisance animals are defined as coyotes, armadillos, crows, cowbirds, blackbirds, and grackles. These animals are legal to shoot during open hunting seasons by anyone with a valid state hunting license and a valid Barksdale Hunting Permit under the provisions stated below. When hunting seasons are closed, a no-cost nuisance animal permit (NAP) must be

acquired at BNR. NAPs are valid for a period of time not to exceed 3 months and are only issued for the purposes of shooting crows or blackbirds, which are depredating or about to depredate upon crops in the garden areas or wildlife food plots, and coyote hunting. Nuisance animal hunting is allowed only during legal daylight shooting hours.

19.2. The season for blackbirds and crows shall be 1 September - 1 January with no limit.

19.3. Harvesting of nuisance animals during open game animal hunting seasons is permissible only with a harvest method approved for taking game during that particular hunting season.

19.4. A nuisance animal log will be maintained at the front entrance of BNR. When game animal hunting seasons are closed, all persons planning on hunting coyotes, crows, or blackbirds under a NAP must log-in upon entering the east reservation with a firearm and log-out upon completion of hunting activities.

19.5. Bobcats are not considered nuisance animals and can only be harvested during the BAFB deer season.

20. HUNTING DOGS

20.1. Hunting dogs may be trained under proper supervision and in accordance with Louisiana game laws, except for the period 1 February to 31 July when only leashed dogs are allowed on the undeveloped forest areas.

20.2. Any hunter utilizing hunting dogs during an open hunting season in the months of February and March must register their dogs with the Natural Resources Office prior to hunting.

20.3. Any hunting that utilizes dogs (except duck hunting) is not allowed 24 hours prior to a firearm deer hunt.

20.4. Free ranging and unattended dogs are not permitted on the undeveloped forest areas of the base at anytime and will be destroyed as predators.

20.5. In all cases, hunters are responsible for all actions of their dogs. Dogs must wear a collar bearing the name and address of the owner. Also, dogs must have a current rabies vaccination and have the rabies vaccination tag attached to their collar. Dogs may not be left unattended in vehicles.

20.6. All hunters who have lost dogs must report this information to BNR or 2 SFS Game Wardens before leaving the installation. Hunters should make every effort possible to locate lost dogs before leaving the installation.

21. FISHING

21.1. Fishing on BAFB must be in accordance with federal and state fishing laws and the additional controls and restrictions prescribed in this instruction.

21.2. All persons 16 years of age and older must obtain a BAFB Fishing Permit in addition to required state licenses prior to fishing on BAFB. The Annual BAFB Fishing Permit fee is \$15, and the permit is valid for 1 year from the date of purchase. The Three-Day BAFB Fishing Permit fee is \$5 and is valid for 3 consecutive days. Those meeting the criteria as stated in paragraph 7.5 above may apply to receive a season fishing license at no cost.

21.3. Persons engaged in fishing must obtain all fishing licenses required by Louisiana, in addition to any required BAFB permit. The fishing permit and licenses must be on the person while fishing on the reservation. .

21.4. Forest ponds are less than 5 acres in size and are designated as Dixon, Juanita, Flat, Steepbank, Texas, Wood Duck, Spring, Tank, Guy, and Jack's Ponds. Forest ponds have a minimum size limit on bass and channel catfish of 12 inches and creel limit of 5 bass and 10 channel catfish.

21.5. The daily limit for bream on Harmon Lake is 25 per person.

21.6. Fishing devices known as yo-yos or trigger devices are not permitted on forest ponds. Other bodies of water, except Flag Lake, are open to yo-yo fishing year around, except on water bodies closed during gun deer, waterfowl and turkey hunting seasons. Flag Lake is open to yo-yos October through April only. A maximum of 25 yo-yos per fisherman may be used. Fishing with yo-yos is permitted only from one hour before official sunset to one hour after official sunrise. No yo-yo may be baited or set prior to one hour before sunset. All yo-yos must be tripped and unbaited and all caught fish removed by one hour after legal sunrise by the owner. Each yo-yo, set hook, jug and trotline must be identified with the user's name and phone number. On the spool of each yo-yo shall be attached one (1) square inch of reflective tape. The person whose name is on the yo-yo must be aboard the boat while attending yo-yos. A set yo-yo is defined as one that has the line unwound with the spring latch being engaged and is able to be tripped.

21.7. Trotline, set hooks, and jug fishing are permitted on waterways, excluding forest ponds, Clear, Austin, and Red Horse Lakes. No container that has contained any type of hazardous material or liquids that could possibly be toxic to the environment may be used. Each trotline must not have more than 25 hooks. A maximum of five trotlines may be set out at one time, and no fisherman may have more than 50 hooks (combined total of all fishing methods) set out at any one time. All lines and hooks must be checked at least every 12 hours.

21.8. Driving nails, spikes, screws, bolts, or other metal objects into trees is prohibited.

21.9. All nets, traps, lines, jug, hooks or yo-yos found to be in violation of this regulation will be confiscated and/or destroyed.

21.10. The taking of freshwater fish, reptiles, and amphibians for commercial use or sale is prohibited.

21.11. The use of hoop nets, wire nets, or other fish traps is prohibited excepting nets or traps used solely for the purpose of harvesting crawfish and wooden slat traps in Red Chute Bayou, Flat River, and Cutoff #2 for harvesting catfish only. All other fish caught in traps must be immediately released. A maximum of two wooden slat traps per person is allowed. All traps

and nets must be marked or tagged with the owner's name and phone number, if left unattended.

21.12. Fishing from bridges and Flag Lake spillway is prohibited. Unauthorized personnel are not allowed on the spillway overflow or run-off structures.

21.13. Fishing by bow and arrow is permitted for non-game fish in accordance with state regulations only in Flag Lake, Moon Lake, Red Chute Bayou, and Flat River. A BAFB Fishing Permit is required in addition to a basic state fishing license.

21.14. No carp may be taken from Flag Lake by any method, unless authorized by the natural resources manager.

21.15. Any fish caught in a cast net that is not bait fish must be released immediately. Cast netting for bait in forest ponds is prohibited.

21.16. Frogs may be taken in accordance with state regulations. A BAFB Fishing Permit is required in addition to a basic state fishing license.

21.17. During the modern firearm deer-hunting season, fishing is restricted to Flag Lake, Austin Lake, Harmon Lake, and Clear Lake (within 100 yards of Clear Lake Bridge). Fishing on the upper 2/3 of Flag Lake is permissible while a firearm deer hunt is in progress, as long as waterfowl season is closed.

21.18. During waterfowl hunting season, fishing is restricted to the southern 1/3 of Flag Lake, Austin Lake, Harmon Lake, Clear Lake (within 100 yards of Clear Lake Bridge), and all forest ponds, except fishing is not permitted during this timeframe on Jack's Pond and Cutoff #1. Persons may fish on Red Horse Lake, provided fishing is done at least 150 yards from any waterfowl hunting activities. No fishing is allowed within 100 yards of the designated waterfowl hunting area in Flag Lake.

21.19. During primitive firearm deer and turkey seasons, fishing is closed in areas open to hunting. Through the remainder of the year, fishing areas are unrestricted unless posted at BNR.

22. BOATING

22.1. Mandatory Boating Education - All persons born after 1 January 1984 must complete a boating education course and carry proof of completion to operate a motorboat in excess of 10 horsepower. The person may operate the boat if accompanied by someone over 18 who, if required, has completed the course.

22.2. All motor-powered boats must have current registration in owner's home state or Louisiana.

22.3. All boats, including canoes and pirogues, must be equipped with a Coast Guard-approved Type I, II, III, IV, or V personal flotation device (PFD) for each person on board. All PFDs carried on board must be serviceable and the appropriate size for the intended wearer. On watercraft 16 feet in length or more, you must also have one Type IV throwable PFD. Persons under 16 years of age must wear an approved PFD at all times while on board a watercraft. All persons boating on Red Chute Bayou must wear an approved PFD at all times. The use of canoes and pirogues on Red Chute Bayou is prohibited during floods. A flood is defined as anytime when the water within Red Chute Bayou is measured above flood stage as recorded by the National Weather Service, Shreveport.

22.4. Anyone onboard a vessel less than 26 feet, propelled by a hand tiller outboard motor is required to wear a Type I, II, III, or V United States Coast Guard approved personal flotation device (PFD) while the vessel is underway. A hand tiller outboard is described as an outboard motor that has a tiller or steering arm attached to the outboard motor to facilitate

steering and does not have any mechanical assist device which is rigidly attached to the boat and used in steering the vessel, including but not limited to mechanical, hydraulic, or electronic control systems. This does not include any type of electronic trolling motor.

22.5. No person shall operate a motorboat with a hand tiller outboard motor in excess of ten horsepower designed to have or having an engine cut-off switch, while the engine is running and the motorboat is underway, unless: (a.) the engine cut-off switch is fully functional and in operable condition; and (b.) the engine cut-off switch link is attached to the operator, the operators clothing, or if worn, the operators personal flotation device. These regulations do not apply to sailboats and vessels engaged in licensed commercial activity.

22.6. Boating is not to be permitted on base waters when severe weather warnings are in effect or a small craft or a lake wind advisory has been issued. All boaters must operate boats in accordance with state, federal and base laws and regulations.

22.7. No person may operate a boat while under the influence of alcohol. It is unlawful for a boat owner to permit any person who is intoxicated to operate their vessel.

22.8. A boat shall not be loaded with passengers or cargo beyond its safe carrying capacity.

22.9. No person operating a motorboat shall allow a person in the motorboat to ride or sit on the gunwales, tops of seat backs, or on the decking over the bow or stern of the motorboat while the motorboat is underway, unless the person is inboard of guards or rails provided on the motorboat to prevent passengers from being lost overboard.

22.10. A boat operator may not operate a vessel in a careless manner that is grossly indifferent to the safety of other persons or their property, or travel at a rate of speed greater than will permit a safe stop in a safe distance.

22.11. Established boat ramps must be used to unload boats from trailers into base lakes. Vehicles and trailers must travel only on designated roads.

22.12. No gas-powered motors are allowed to be operated in Clear Lake, Austin Lake, forest ponds, or wetlands.

22.13. Inflatable-type boats are not permitted for recreational use on BAFB waterways.

22.14. No refuse or garbage may be dumped from boats.

22.15. Permanent tying to any pier is prohibited.

22.16. Boats may not be stored in a location that blocks use of piers, boat ramps, or other facilities.

23. OTHER OUTDOOR RECREATION

23.1. Hiking, camping, bird watching, bicycling, horseback riding, picnicking, gardening, and berry picking are authorized, except as restricted by this instruction, for DoD personnel, their dependents and sponsored guests in the BAFB forest, along forest access roads and trails.

23.2. No primitive camping is allowed during the BAFB modern firearm deer season except at the designated Harmon Lake camping area and park areas administered by outdoor recreation. Hunters must register with BNR prior to camping in the Harmon Lake area during any hunting season. Firearms may not be loaded or discharged in a camping area.

23.3. Campfires are allowed except during periods of high fire danger when the natural resources manager may prohibit campfires. No campfire may be left unattended. Campers must ensure that campfires do not get out of control. All fires must be extinguished and dead-out before being left unattended.

23.4. A firewood permit is required for persons cutting or collecting firewood, with one exception - a permit is not required for collection of fallen wood for campfires on BAFB east reservation. Firewood permits are sold at BNR. Firewood may be cut as directed by BNR. Downed or fallen hardwood trees only may be cut and removed as firewood. Cutting live wood for firewood is prohibited.

23.5. Noise-producing devices and audio devices including radios, televisions, and musical instruments, etc., will not be operated or used in such a manner as to disturb other persons. A "quiet period" will be maintained on campsites between 10:00 p.m. and 6:00 a.m.

24. GARDENS

24.1. Persons desiring a garden plot must register with BNR. If a plot is not available, the person's name will be placed on a garden waiting list. The natural resources manager assigns available garden plots on a first-come, first-serve basis. Gardens are available only at the established garden areas along Moon Lake Road.

24.2. If you had a garden last year, your plot will automatically be reregistered provided you cultivate your assigned area by 1 April. Gardens not worked by 1 April may be reassigned to persons on the garden waiting list.

24.3. Gardeners must post their name on a sign at the assigned garden plots. Gardeners may not transfer their plots to other individuals.

24.4. Each gardener must adhere to the following guidelines regarding pesticides and fertilizers.

24.4.1. All pesticides and fertilizers are to be removed from the base when not in use. Pesticides include herbicides, fungicides, and insecticides.

24.4.2. Pesticides must be applied in accordance with label directions.

24.4.3. Restricted pesticides and fertilizers may not be used.

24.5. All water collection containers must be clearly labeled "WATER." Containers must be in good condition and removed or stored neatly.

24.6. Bird scares and animal repellents must be removed 1 November to 31 January.

24.7. Garden areas are to be kept clean and orderly. All buildings must remain in good condition or the owners will be required to remove them. Stored items must be for the purpose of tending or working the garden. Garden areas or buildings are not to be used for general purpose storage areas.

24.8. Persons who desire to burn their assigned garden plots must coordinate the proposed action with the natural resources manager. Once the proposed action is approved, the individual will notify the BAFB fire department of the impending action.

24.9. No trees or adjacent vegetation may be removed, poisoned, or girdled without prior approval from the natural resources manager.

25. PENALTIES AND SUSPENSION OF PRIVILEGES

25.1. Anyone who violates any of the provisions of this instruction, or any acts inconsistent with good safety practices, or which results in injury or damage to persons or property, may have any hunting, fishing, and/or other outdoor recreation privileges withdrawn. This action will be taken independently of other punitive and administrative action. Persons who are apprehended for violating BAFB, state or federal fishing, hunting, and outdoor recreation regulations and laws may be subject to debarment from BAFB, permanent revocation of privileges, suspension of fishing, hunting or outdoor recreational privileges, federal judicial action, court fines, and other nonjudicial or administrative action.

25.2. Letters of suspension for violations will be initiated by 2 SFS Game Warden, except as stated in paragraph 12.13. Suspension or revocation letters are issued under 2 MSG/CC authority. All letters are coordinated through 2d BW Legal Office any time changes are required.

25.3. An enforcement matrix that lists specific violations and suspensions is attached (See Attachment 2). A suspension may be issued for one specific recreation activity, several activities or all recreation activities. The 2 BW/CC or his designee may restrict the violator from access to the east reservation and BAFB.

25.4. Sponsors are responsible for the action of their guests and dependents. Violation of laws and regulations by a dependent or by a guest may result in penalties or privilege suspension for the sponsor as well as the offender.

25.5. Appeal Procedure. Individuals may appeal citations and request an informal hearing with the 2 MSG/CC. An appeal or hearing request must be submitted in writing within 7 days from the date of citation. The completed appeal must be endorsed by the person's unit commander and delivered to the Natural Resource Manager, 6141 Range Road, Barksdale AFB, LA 71110. The Natural Resources Manager will compile supporting data and deliver the appeal to 2 SFS Reports and Analysis, 425 Lindbergh Ave, Barksdale AFB, LA 71110-2927.

25.5.1. The 2 MSG/CC is the final decision authority on any appeals. The 2 MSG Deputy Commander (MSG/CD) or his or her designee may conduct an administrative hearing and act on all matters relating to suspension or revocation of base privileges upon request. The 2 MSG/CD will use the "preponderance of the evidence" standard for making factual determinations.

25.6. The following records will be prepared by 2 SFS Game Wardens and maintained by Security Forces Reports and Analysis:

25.6.1. A list of individuals who have received a citation for any violations of this instruction. Information to be included is the violator's name, the type of violation, the date of the citation, and the type of citation.

25.6.2. A list of individuals whose privileges have been suspended. The list will include the names, violations, dates of suspensions, and the dates of reinstatement of privileges.

25.6.3. A written report will be filed on all individuals apprehended or detained by law enforcement personnel for violation of any federal, state, or installation law or regulation.

Certain violations must be reported to the 2 MSG/CC. The commander determines the appropriate action or recommends disposition if criminal enforcement is required.

25.7. Illegally taken fish or wildlife will be confiscated. Security forces personnel will maintain accountability of confiscated animals, fish, and game. Animals, fish, and game that are unharmed will be released. Game Wardens will donate other fish and game to charity if in acceptable condition and not required to be stored for evidence.

25.8. Any person who violates any rule within this regulation within (3) three years of resumption of privileges from a previous violation shall face a minimum of a three (3) year suspension. If either of the violations were a safety violation, then the suspension will be five (5) years. Persons violating two or more different rules shall have their suspensions for each offense run consecutively.

ANDREW J. GEBARA, Colonel, USAF
Commander, 2d Bomb Wing

| 7. Cast netting in forest pond | 21.15 | IV | |
| 8. Failure to properly identify lines, jug, hooks or yo-yos | 21.6 | IV | Remove / lines |
| 9. Unauthorized fishing device, fish trap, yo-yos, or fish net | 21.6, 21.7, 21.11 | IV | Remove / device |
| 10. Removing grass carp from flag lake | 21.14 | III | |
| 11. Taking fish for commercial use | 21.10 | I | |
| 12. Violation of state or federal fishing law | 21.1 | III | |
| BOATING | PARA. | Violation Class. | NOTES |
| 1. No state boat registration | 22.2 | III | (1) |
| 2. Operating a boat/vessel while intoxicated | 5.4, 22.7 | I | (5) |
| 3. Failure to comply with personal flotation device requirements | 22.3, 22.4 | IV | |
| 4. Unsafe boating action | 22 | II | (5) |
| 5. Violation of BAFB, state or federal boating regulation | 22 | III | (5) |
| 6. Use of gas motors where prohibited | 22.12 | III | |
| 7. Dumping refuse or garbage from boat | 22.14 | III | |
| 8. Leaving unattended boat tied to any pier | 22.15, 22.16 | III | |
| 9. Use of inflatable boat | 22.13 | III | |

| MOTOR VEHICLES | PARA. | Violation Class. | NOTES |
|--|----------------------|-------------------------|--------------|
| 1. Failure to comply with motor vehicle operation and/or licensing requirement | 4.1 | III | |
| 2. Speeding | 4.2 | III | SFS specific |
| 3. Motor vehicle use off designated roads | 4.3 | III | |
| 4. Obstruction of right-of-way or gate | 4.5 | III | |
| 5. Failure to report a motor vehicle accident | 4.12 | III | SFS specific |
| 6. Possession of an open alcoholic container while operating a vehicle | 5.4 | III | SFS specific |
| 7. Driving a private vehicle on a road marked as closed with a "NO POV" sign | 4.4 | III | |
| 8. Use of an ATV without ATV Safety Card or for an unauthorized activity | 4.7, 4.8, 4.10, 4.11 | III | |
| ACCESS | PARA. | Violation Class. | NOTES |
| 1. Unauthorized access violation | 2 | I | SFS specific |
| 2. Failure of sponsors to remain on east reservation with guests that are hunting or fishing | 2.3 | III | (3) |
| 3. Dependent sponsoring guest when firearm or weapon used | 2.5 | III | (3) |
| 4. Failure to supervise youth | 2.4 | III | (3) |
| 5. Failure to supervise guest | 2.3, 2.4 | III | (3) |
| GARDENS | PARA. | Violation Class. | NOTES |
| 1. Failure to keep garden area clean and orderly | 24.7 | II | |
| 2. Failure to follow guidelines on pesticides and fertilizers | 24.4 | III | |

| | | | |
|---|-----------------|-------------------------|--------------|
| 3. Failure to properly identify assigned garden plot | 24.1, 24.3 | III | |
| 4. Unauthorized burning of garden plot | 24.8 | III | |
| OTHER VIOLATIONS | PARA. | Violation Class. | NOTES |
| 1. Dumping, disposing or littering | 3.6, 3.7, 22.14 | II | |
| 2. Disturbance of the peace or other disorderly conduct | 3.4 | I | |
| 3. Refusal to furnish identification, license, and permits | 3.3 | I | |
| 4. Poaching | 3.9, 3.10 | I | (4) |
| 5. Trapping | 3.11 | I | (4) |
| 6. Unauthorized collection, destruction or injury of any plant or animal | 3.9 | I | |
| 7. Feeding, baiting, attracting or harassing alligators | 5.5 | II | |
| 8. Entry into designated bird rookeries (1 March - 15 June) | 3.13 | IV | |
| 9. Spotlighting | 3.15 | II | |
| 10. Damaging a natural or related resource | 1.5 | I | |
| 11. Unauthorized introduction of animal or plant life | 3.10 | I | |
| 12. Vandalism | 3.8 | I | |
| 13. Collecting historical or cultural artifact | 3.9 | I | |
| 14. Entry onto Flag Lake spillway or water control structure | 21.12 | IV | |
| 15. Swimming, snorkeling, diving, skiing, or use of a towable device or personal watercraft on waterway | 5.6 | IV | |
| 16. Unauthorized entrance to oil and gas production facility | 5.7 | I | |
| 17. Tampering with, handling or removing ordnance | 5.10 | I | |

| | | | |
|---|---------------|-----|-------------------------------------|
| 18. Unauthorized camping | 23.1, 23.2 | IV | |
| 19. Unauthorized burning or campfire | 5.09, 23.3 | III | |
| 20. Cutting live wood at campsites for firewood | 23.4 | III | |
| 21. Failure to submit to search | 3.3 | I | SFS specific |
| 22. Threatening an AF employee or enforcement officer | 3.4 | I | SFS specific |
| 23. Interference with official business or field exercise | 3.4 | I | |
| 24. Operating hunting or fishing activities for personal gain | 3.5 | I | (4) |
| 25. Failure to comply with the provisions of AFI 32-3064 BAFB Supplement 1, applicable state and federal laws pertaining to the use of natural resources, hunting, fishing, and recreation. | 1.3 | I | Provision for violations not listed |
| 26. Committing two or more violations within 3 years | 25.8 | | |
| 27. | | | |

VIOLATION CLASS:

Class I: Individuals cited for an offense within this class will receive a three (3) year suspension.

Class II: Individuals cited for an offense within this class will receive a two (2) year suspension.

Class III: Individuals cited for an offense within this class will receive a one (1) year suspension.

Class IV: Individuals cited for an offense within this class will receive a six (6) month suspension.

NOTE: This violation matrix is designed to serve as a general guide for enforcement personnel. When determining the length of suspension for minor infractions, consider that in some instances a written warning may be as effective as a suspension in altering behavior while at the same time protecting the resource and promoting recreational activities. Among the many factors to consider is whether the individual has had multiple offenses. The enforcement officer must have the flexibility to recommend an appropriate action based upon his or her knowledge of the case. As with all violations, an appropriate penalty can only be determined once the specific facts of the case are known. The 2d Mission Support Group Commander may increase suspension above the maximum suspension listed herein for more serious or repeat violations.

(1) Anyone cited for this offense will receive an immediate 30-day suspension. Offender has 7 days to provide proof of prior license/permit purchase /or proof of registration to BNR. If proof

is provided, suspension automatically expires after 30 days. If offender does not provide proof of correction, suspension will remain effective until later date.

(2) In addition to a suspension of privileges, civilians may be issued a citation for violating Federal regulations for migratory game birds.

(3) Sponsors who fail to ensure their guests or dependents comply with base hunting and fishing regulations may be subject to suspension or revocation of base hunting and/or fishing privileges.

(4) Required to attend a Louisiana State Hunter Education Course prior to admittance back onto the east reservation for recreational purposes; regardless if previously taken or not. Proof of course completion must be shown prior to reinstatement of recreational privileges.

Barksdale Natural Resources Office Use Only

ATV Use (Approved / Denied) Date of Review: _____ BAFB Basic Hunting Permit# _____

Persons who are mobility impaired may use an ATV during hunting season to move through hunting areas for hunting purposes only with written approval and direction from the natural resources manager upon successful completion of the BAFB Physically Challenged ATV Use Application. There are two classes of Physically Challenged Hunters:

Class I: Wheel Chair Bound – The disability must permanently confine the applicant to the use of a wheelchair. If the applicant may eventually recover enough to not require the use of a wheelchair, they do not qualify for this class permit. If the future prognosis is uncertain, the applicant does not qualify at this time.

Class II: Mobility Impaired – Applicants must meet one of the following requirements:

- Cannot walk 100 feet without stopping to rest.
- Cannot walk without the assistance of another person, walker, crutches, braces, prosthetic device, or temporary use of a wheelchair.
- Is restricted by lung disease to such an extent that the person's forced (respiratory) volume for one second, when measured by spirometry, is less than one liter, or the arterial oxygen tension is less than sixty mm/hg on room air at rest.
- Uses portable oxygen.
- Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class III or Class IV according to standards set by the American Heart Association.
- Has a diagnosed disease or disorder, including a severe arthritic, neurological, or orthopedic impairment, which creates a severe mobility limitation.
- Individuals who are temporarily disabled for a minimum of one year duration may be issued this permit. The permit would be valid for one year only. If the conditions still exist after one year, the individual may reapply and be issued a new permit.

Physically Challenged ATV Use Permit Applications shall be sent or delivered to the BAFB Natural Resources Manager. Physically Challenged Hunter Permit Applicants with any violation of this instruction within the past 5 years shall not be issued permits.

City _____ State _____ Zip Code _____

Date of Birth _____ Phone # (____) _____ Date _____

TYPE OF DISABILITY:

- _____ Legally Blind – meaning that the individual has a visual acuity of 20/200 or less in the better eye with correcting lenses.
- _____ Paraplegic.
- _____ Amputee of leg above the ankle or arm above the wrist.
- _____ Artificial limbs or permanent braces for mobility as a result of a permanent and total disability.
- _____ Developmentally disabled persons to include, but not limited to, mental retardation, cerebral palsy, down syndrome, spina bifida, and multiple sclerosis.

This section must be completed by a Licensed Medical Doctor

In an effort to insure that all permittees meet the requirements of the Barksdale AFB regulations, please review this information and answer the following questions.

Describe the specific nature of the disability and the reason the applicant qualifies for the requested permit. _____

I hereby affirm that I am a medical doctor legally licensed to practice medicine and further state that I have personally examined the individual named above and certify that he/she is disabled as specified above and should be issued the appropriate permit. In the case of artificial limbs or permanent braces, I certify that this is a permanent and total disability and that the applicant will always require artificial limbs and/or braces for mobility. I further certify that in the case of legally blind, the visual acuity with correcting lens of the left eye is _____ and the right eye is _____.
